RSA HR Learning Journey

HR Essentials

HR Essentials Training in PaySpace helps HR professionals efficiently use the platform. It enhances their ability to manage employee data.
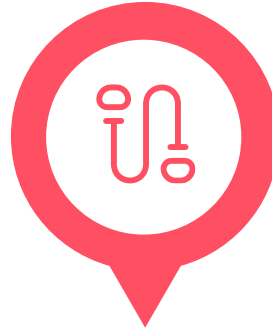

Leave Administration

Configuring and overseeing leave schemes in PaySpace.

Workforce Management

This e-learning course will empower the user to configure, maintain and utilise the Workforce Planning functionality.

Performance Management

This e-learning course enables users to set up, manage, and use the Performance Management module.

Employment Equity

Explore the information that should display in the EEA2 and EEA4 reports and address the relevant fields that need to be completed on the payroll.
